I've got her in my head
At night when I go to bed
And I know it sounds lame, but
She's the girl of my dreams

And of course I'd do anything for her
I'd search the moons of Endor
I'd even walk naked through
The deserts of Tatooine

Princess Leia, where are you tonight?
And who's laying there by your side?
Every night I fall asleep with you
And I wake up alone

And even though I'm not as cool as Han
I still want to be your man
You're exactly the kind of
Alderranian that I need

But when you were available, I was
Drinking Colt 45's with Lando
I was hanging out in the cantina
On Mos Eisley

Princess Leia, where are you tonight?
And who's laying there by your side?
Every night I fall asleep with you
And I wake up alone

Princess Leia [2x]

Princess Leia, where are you tonight?
And who's laying there by your side?
Every night I fall asleep with you
And I wake up alone
