...I want to be your angel  
But it's not supposed to be  
I want to keep you out of danger  
But it's not one of my abilities

I'm just a ghost  
Not really here  
But there for you  
And I do care  
I'm by your side  
I'll follow you  
You're in my heart  
What can I do

In the night when you're asleep  
We can really be together  
Our emotions are so deep  
Why just can't we dream forever

I'm just a ghost

Not really here  
But there for you  
And I do care  
I'm by your side  
I'll follow you  
You're in my heart  
What can I do

Only you... can see me  
You can hear what I say  
Only you can talk to me  
In a very special way

I'm just a ghost  
Not really here  
But there for you  
And I do care  
I'm by your side  
I'll follow you  
You're in my heart

What can I do
