Come here please hold my hand for now
Help me I'm scared please show me how
To fight this God has a master plan
And I guess I am in his demand

Please save me, this time I cannot run
And I'll see, you when this is done
And now I, have come to realize
That you are, the one who's left behind

Please stay until I'm gone
I'm here hold on to me
I'm right here waiting

I see, the light it feels good
And I'll come, back soon just like you would
It's use less, my name has made the list
And I wish, I gave you one last kiss

Please stay until I'm gone
I'm here hold on to me
I'm right here waiting
And take my one last breath
And don't forget
That I will be right here waiting

Please stay until I'm gone
I'm here hold on to me
I'm right here waiting
And take my one last breath
And don't forget
That I will be right here waiting

Please stay until I'm gone
I'm here hold on to me
I'm right here waiting
And take my one last breath
And don't forget
That I will be right here waiting
