Tom Delonge feat. Aquabats
Time To Break Up
2001 MCA Records

Prom night, I couldn't find someone to go with
Forget harder out with my mind stealth
Then I saw her.

Standing governed to crossover
Trying bothered than off hovered
That's she was so beautiful

Chorus 1:

Walk over and after she wanted to dance
She smiled so lovely and then said yes
Then singing happily having so much fun
Then singing "laughed-ten" falling in love

I couldn't believing you will just what
I always grinned of, how can this happen
To who got I need

And if may turn the lights down low
And the music play real slow
And touched view turfed my breath away

Chorus 2:

Holding you tightly and I won't carress
I've never been so boast to have an
Ask precious such as won't lighting through upon
That night will float have falling in love

(Repeat Chorus 2)
