Shut the fuck up she said  
I'm going fucking deaf  
You're always too loud  
Everything's too loud

Now that all my friends left  
This place is fucking dead  
I wanna move out  
When can we move out?  
This shit has got to stop  
I'll run away

Get the fuck up she said  
Your life is meaningless  
It's going nowhere  
You're going nowhere

You're just a fuck up she said  
I'll live alone instead  
She said:"You don't care"  
I know i don't care

I'll never ask permission from you  
Fuck off i'm not listening to you  
I'm not coming home  
I'm never going to come back home

I got too fucked up again  
And passed out on the plane  
Tried to forget you  
I can't forget you

No sleep on this flight  
I'll think about the nights  
We had to get through  
How did we get through?

I'll never ask permission from you  
Fuck off i'm not listening to you  
I'm not coming home  
I'm never going to come back home

I'll run away  
I think it's time that I should leave x4

I'll never ask permission from you  
Fuck off i'm not listening to you  
I'm not coming home  
I'm never going to come back home  
I'll run away

I think it's time for me to leave x4
