Met you last night for the first time  
Shook hands, your grip was so tight  
I didn't wanna let go  
Don't know what it was the way you made me feel  
Sparks flew and it felt so real  
I think you should know

I was dying to kiss you, dying to lose myself in your eyes  
I was dreaming of running away with you, we'd talk until the sunrise  
Don't know what i'm getting into cause I don't even know you  
But I already miss you and i'm dying to kiss you

We talked for an hour or two  
Last ones left in the room  
I was waiting for you  
Body so still I couldn't breathe  
I was hoping that you wouldn't leave  
Why couldn't you see?

I was dying to kiss you, dying to lose myself in your eyes  
I was dreaming of running away with you, we'd talk until the sunrise  
Don't know what i'm getting into cause I don't even know you  
But I already miss you and i'm dying to kiss you

No I'm not usually like this and I don't care how it looks  
When you walked away I felt every step that you took

I was dying to kiss you, dying to lose myself in your eyes  
I was dreaming of running away with you, we'd talk until the sunrise  
Don't know what i'm getting into cause I don't even know you  
But I already miss you and i'm dying to kiss you

I was dying to kiss you, dying to lose myself in your  
eyes  
I was dreaming of running away with you, we'd talk  
until the sunrise  
Don't know what i'm getting into cause I don't even  
know you  
But I already miss you and i'm dying to kiss you

I'm dying to kiss you  
I'm dying to kiss you  
I'm dying, i'm dying to kiss you  
I'm dying to kiss you
