[Originally by The Youngbloods]

Love is but a song to sing
Fear's the way we die
You can make the mountains ring
Or make the angels cry
Though the bird is on the wing
And you may not know why

Come on people now
Smile on your brother
Everybody get together
Try to love one another
Right now

Some may come and some may go
We shall surely pass
When the one that left us here
Returns for us at last
We are but a moment's sunlight
Fading in the grass

Come on people now
Smile on your brother
Everybody get together
Try to love one another
Right now

Come on people now
Smile on your brother

Everybody get together
Try to love one another
Right now

Come on people now
Smile on your brother
Everybody get together
Try to love one another

Right now

If you hear the song I sing
You will understand (listen!)
You hold the key to love and fear
All in your trembling hand
Just one key unlocks them both
It's there at you command

Come on people now
Smile on your brother
Everybody get together
Try to love one another
Right now

Come on people now
Smile on your brother
Everybody get together
Try to love one another
Right now

Come on people now
Smile on your brother
Everybody get together
Try to love one another
Right now
