Better Day

All apologies my dear, I know you feel like I'm not here
And part of me is missing all the time
I only give you half of me, 'cos I'm afraid the rest of me
Will scare you into leaving me behind
So I keep my secrets to keep us safe
'Cos I did a lot of things and I just don't know what to
say
I made mistakes that, baby, I can never take away
I want to tell you everything but I think we would change
So I will wait, wait for a better day
With everything I keep from you, you might think I don't
love you
But nothing could be further from the truth
I just want things to stay the same, they probably will
the more I wait
But if we don't talk I'm gonna fall away from you
But I keep my secrets, to keep us safe
'Cos I did a lot of things and I just don't know what to
say
I made mistakes that, baby, I can never take away
I want to tell you everything but I think we would change
So I will wait, wait for a better day
I know it's not right, but I'll keep hiding anyway
All these things, I know I should say
But baby, I'm afraid

I did a lot of things and I just don't know what to say
I made mistakes that, baby, I can never take away
I want to tell you everything but I think we would change
So I will wait, wait for a better day
