The mornin' light turns you over
Wakes you up, and I just smile
And in your eyes I see forever
Like a flash, I know it's you
It's you
All I want this to be

Forever
I stay here
Forever
Right here with you
Forever
Is how long I would wait
Forever
I promise to be here with you

I catch my breath every time I see you
And all you do is walk into the room
I don't know why, why I waited this long
To open up my eyes and realize it's true
It's true
All I need is you

Forever
I stay here
Forever
Right here with you
Forever
Is how long I would wait
Forever
I promise to be here with you

For a while, I'm not sure I thought past today
And now our tomorrow is all I want
Is all I want to see

Forever
I stay here
Forever
Right here with you
Forever

I lie here awake
Forever
As long as the day is with you

Forever
Forever

I promise I'll be here with you
I promise I'll be here with you
I promise I'll stay here with you
