Every story has a writer who's life has been inspired by
love or a desire
To get inside of the mind of the reader or at least get
to the next page
Every movie has a part where they get to the heart of
the matter
Foreshadowing what might be happening
Whether or not there's a trap door in the floor of the
stage
So I'm trying to read
Cause I'm dying to see

Who I will be
In the story of your life
Where will I be
If you close the book tonight
Am I the hero or the villain
Is it a history or fiction
Will I still be here in the end
In the story of your life
In the story of your life

In the novel I am writing
I've decided I am using the actual identities
Instead of misleading the people I love
Cause they're the ones who need it the most
And every chapter is another beginning
And I'm beginning to guess my character's in way over
his head
Cause of something he said or maybe something he
wrote
So I'm trying to read
Cause I'm dying to see

Who I will be
In the story of your life
Where will I be
If you close the book tonight
Am I the hero or the villain
Is it a history or fiction
Will I still be here in the end

In the story of your life

Tell me Juliet
Can we make it through this act
Without a tragedy
Oh let's get through this scene
Cause I'm dying to see

If I will be
In the story of your life
Where will I be
If you close the book tonight
Who will I be
In the story of your life
Where will I be
If you wrote the book tonight
Who will I be
In the story of your life
In the story of your life
