

To My Surprise "Blue"

I see you looking out
Wondering why things are so hard
And why we all have to try
So hard to get by

Please don't cry little child
Life is so open to you right now
Don't wilt, don't die

Blue belongs in the sky
And not on you or I
I can't go on without you
Right here by my side

I can't believe the things you see
And what you feel
I know it's too real
(Real)
But you must try your hardest to get by

I'll always be your friend, little girl
Right till the end so don't feel blue
Stay in touch it's me and you, hey

Blue belongs in the sky
And not on you or I
I can't go on without you right here
Ooh

Blue belongs in the sky
And not on you or I
I can see it in your eyes
They're blue so blue

Blue seems to be
The color that holds you and me
But please don't cry
Let me tell you why

Blue belongs in the sky
And not on you or I
I can't go on without you right here

Ooh

Blue belongs in the sky
And not on you or I
I can't go on without you
Right here by my side

(You can't always feel blue)
Blue belongs
(You can't always feel blue)
Up in the sky
(You can't always feel blue)
And not on you or I
(Blue)

Blue
(You can't always feel blue)
(You can't always feel blue)
(You can't always feel blue)
