I, I know it's you
And say it's true, darlin'
You, you'll see it through
And I know it's true tomorrow

You were sent from above
And you're the only I love
So won't you please come with me
Yeah

I, I know it's you
And I say it's true, darlin'
You, I'm seeing you
All dolled up in blue tomorrow

How you were sent from above
And you're the only one I love
So won't you please come with me
Yeah

And come get your first look at the loss
Come and measure how much it costs
If you don't come
Come with me, come with me
Come with me, come with me

I, I say it's true
And I say it's you, darlin'
You, you'll see it through
Dressed up in blue tomorrow

Girl you're a gift from above
And you're the only one I love
So won't you please come with me
Come with me
(all alone, all alone, all alone)
Won't you come with me
(all alone, all alone, all alone)
Come with me
Won't you come with me
Come with me

Won't you come with me
