Lost
Taking myself away
Straight on out of here
And I'm one
There's nothing left to say
The world's too small
I haven't got the nerve

So I say hello
Can you see me driving
I've got the wind in my hair
And I don't care no more
'Cause I gotta get away

I'm so hollow
From all the sorrow tomorrow brings
Are you my friend
Let's comprehend to not pretend the end

So if you see me driving
I'll say hello
But I ain't got no time to talk
'Cause I gotta get gone
And I'm in my way
I just left today
What you got to say

'Cause the world's too small
This world's too small
And I am gone
And I am gone
I'm gone

I'm so hollow
From all the sorrow tomorrow brings
Are you my friend
Let's comprehend to not pretend the end

Hello I see you
With your life that's fallen apart
You feel you're stuck
You got no place to go

Well you could get away like me
I got a car that seats three
So that's me, you and my dog
And my dog
