Its so hard to believe in any of this dream
Especially when were rippin apart
At the seams
Its not hard to believe in my will
And chance to be
Myself in all this insanity
If Im here at the end of the day
Its only because i had to stay
I can make the change
We can make it through
(this life)
I know life can be unfair
Especially when no ones there
If you need someone to talk to
Wheres my thread running through
Keeping my connection true
For me the world and all of you
If im still here at the end of the day
Its because i had so much left to say
You can make the change
And i can make it through
(this life)
You can make it
You can make it
You can make it
I know you can
We can make it
We can make it
We can make it
I know we can
If I die
Before I wake
Ill need you to know
Its not a mistake
Life moves on
With or without us
Ill need you to trust me
Be happy stay healthy
Live your life
The way you want it to be
Ill always be inside
Reminding you how it once felt

Our love
Our life
Together forever you and me
Lifes great big tragedy
Is not being able to
Prevent what we see
I told you once that you could trust
In everything that ive ever been
We can make the change
We can make it through
(this life)
You can make it
You can make it
You can make it
I know you can
We can make it
We can make it
We can make it
I know we can
