I wish I had courage to say goodbye
I wish I could wipe every tear from your eye
I wish I knew that I made you cry
And I wish I held your hand that night
Because it would of felt so right

And I'm waiting
I'm waiting for you
And I'm waiting
(Wishing in the dark that you would come near)
I'm waiting for you
(I want you to let go of everything you hold so dear)

And this is where I want to be
In your arms eternally
And I know we've been here before
Maybe that's why it feels like a chore
To wait outside your house in the rain
Just like I will to the day
You see we're meant to be
Together forever just you and me

And I'm waiting
I'm waiting for you
(For you)
And I'm waiting
(Wishing in the dark that you would come near)
I'm waiting for you
(I want you to let go of everything you hold so dear)
(For you)

I wish I had the chance to say goodbye
I wish I could of wiped those tears from your eye
There'd never been a moment I let you cry
And I'd of held your hand that night
Because it would have felt so right

I'm waiting
(I'm waiting for you even though we've never met
before)
I'm waiting

(But I'll know its you the second you walk through that
door)
I'm waiting
(I watch the seconds minutes hours and days float by)
I'm waiting
(Just waiting for a time when I can look in your eyes)
I'm waiting
(Just waiting for a time when we can hug and kiss and
sigh)
I'm waiting
(Go through it all just so we can say goodbye)

And I'm waiting
I'm waiting for you
