She freaked out a damaged life like a jail bait in the park

A teenage wolf with a bloody knife going down in the dark

How to make a monster baby, how to get it on

How to make a monster baby, how to get it on

Go go Zombie, go go yeah, yeah, yeah

Go go Zombie, go go yeah, yeah, yeah

Roots in hell and time will tell if your baby is insane

A child bride with bloody eyes got Satan on the brain

How to make a monster baby, how to get it on

How to make a monster baby, how to get it on

Go go Zombie, go go yeah, yeah, yeah

Go go Zombie, go go yeah, yeah, yeah
