Well sweet little sista's high in hell cheat'n on a halo
Grind in a odyssey holocaust heart kick on tomorrow
Breakdown
Agony said "Ecstasy" in overdrive she come a riding on
the world
Thunder kiss'n 1965
Yeah, wow! Five, yeah, wow!!
Demon-warp is coming alive in 1965
Five, five, yeah!
Livin' fast and dying young like a endless poetry
My motor-psycho nightmare freak out inside of me
My soul salvation liberation on the drive
The power of the blaster move me faster 1965
Yeah, wow! Five, yeah, wow!!
Demon-warp is coming alive in 1965
Five, five, yeah!
Gimme that, gimme that now, now, now, yeah!
Roll'n like a supersonic another fool that gets down on
it
Pig sweat a million miles, I got a heart atomic style
I make it look easy, that's what I said
Blast of silence explodes in my head
Yeah, yeah, yeah, gimme that, gimme that now
Step to the moonshine frenzy hail: The Resurrection
What's new pussycat, can you dig the satisfaction
Well, you can't take it with you, but you can! In
overdrive
Yeah! Some like it hot and twist'n, 1965
Yeah, wow! Five, yeah, wow!!
Demon-warp is coming alive in 1965
Five, five
