Been down yeah! Well I look down and my mind blows  
away

Deep in the darkness "illuminate" beyond a million  
miles

Something slid up to my head circling around my eye

Eye

Eyes and I said, "Smooth operator", Sez:

Get up, Get up

And outta here, smooth operator sez: Yeah! Lights

Band the traffic thunder two blocks west of the rest

Tore away the bottom and saw life is a test

Beyond a 1,000,000 miles

Well I ricocheted through my head

One hand kills and the other's cra-a-crazy

What she said

Smooth operator sez: Get up! Get up! And outta here

Smooth operator sez: Yeah!!! Sail into night

Ghost ship a tripping

Struck by the plunge something to see

Yeah

Bootleg the girl

She is a looka

Pure is the fear that breaks away

Straight to the sun I am a walk'n state of the art

All that I see [yeah] new Gods move wipp'n the shore  
and dash on the reef

Surf city... I walk alone and stare, man, right in the sun

Tear-jerk asylum and cemetery run

Well, how'd I ever get this far man

Smooth curves switchback the sweat

Underneath the body, baby

Where what you see is what you see and what you get
