What do you do  
When children suffer  
With pain and hunger?

What do you do  
When nations fight  
With all their might?

You just can't sit down  
Take a look around  
We can build a brave new world  
With no more danger

Just do what is right  
Be a guiding light  
Join our hands and make peace last  
A little longer

We can make it right  
We don't need to fight  
We are ready for this  
We are not going to miss  
The times are changing

We will find a way  
For a brand new day  
We are young and free  
Like a family  
It's time for changing now

There is a way  
For a brighter new tomorrow

There is no way  
We can live in grief and sorrow

We can't sit and wait  
It can be too late  
We can live in harmony  
And make life better

I am here for you  
You can help me too  
We can do what we have to do  
It's all that matters

We can make it right  
We don't need to fight  
We are ready for this  
We are not going to miss  
The times are changing

We will find a way  
For a brand new day  
We are young and free  
Like a family  
It's time for changing now

I can, I will  
Be a force, a new beginning

I know, for sure  
In the end we will be winning

You just can't sit down  
Take a look around  
We can build a brave new world  
With no more danger

Just do what is right  
Be a guiding light  
Join our hands and make peace last  
A little longer

We can make it right  
We don't need to fight  
We are ready for this  
We are not going to miss  
The times are changing

We will find a way  
For a brand new day  
We are young and free  
Like a family  
It's time for changing now
