Misfit, drunken lies
Whiskey, whores and dice
You're missing just in time
Why have you gone
Oh, why ask why

Walk with your fingers and scratch with your eyes
Shark attack, shark attack
Walk with your fingers and scratch with your eyes

Shark attack, shark attack
Richness, concubine
Share this rape with wine
Your missing just in time
Why have you gone

Why ask why just
Walk with your fingers and scratch with your eyes
Shark attack, shark attack

Walk with your fingers and scratch with your eyes
Shark attack, shark attack
I don't think that you're really my neighbor

I don't think that you sleep at night
I don't think that I'll do you a favor
And say good night
Hide behind my filthy cause
I don't want to

But greed is good just add a pause
No, no, no
I'll take my fist go
Pump, pump, pump
Better go and run, run, run
Don't ask why

Just multiply and
Walk with your fingers and scratch with your eyes
Shark attack, shark attack

Walk with your fingers and scratch with your eyes
Shark attack, shark attack
I don't think that you're really my neighbor

I don' think that you sleep at night
I do think that I'll do you a favor
And say goodnight
