I've got to control, to make and mold this here  
Stop... bust my load  
Can't touch  
Mmm... that's enough  
Oh, I'm gonna get  
Oh, give me more

Here we go  
Can't touch what isn't there  
I know because I've tried  
I've got five beliefs and hollow eyes  
I'm all my desires

It's buried deep inside, it's a model sin  
It's exactly what I've said  
It makes me want to take sides  
Get caught in it, and then call it off

Can't touch what isn't there  
I know because I've tried  
I've got five beliefs and hollow eyes  
I'm all my desires

And let's just say that they want a fire  
How and why I can't tell but  
I'm innocent, no problems there  
I'm too young, not again

A poster of a, model from a, habit of last year  
'Cause I'm making my sutures out of records and  
broken dreams

I've been balancing, pull together myself  
But then I'm damaging, cutting in cutting off  
Can't touch what isn't there  
I know because I've tried  
I've got five beliefs and hollow eyes  
I'm all my desires

Can't touch what isn't there  
I know because I've tried

I've got five beliefs and hollow eyes  
I'm all my desires

All my desires
