music by Glen Phillips and Toad, lyrics by Glen)

green button like a lantern

illuminates this cavern

and outside nothing matters anymore

my instinct won't deceive me

my senses will not leave me

when there's no one left to grieve me

I won't mourn

good night, don't fear

I always will watch over you my dear

good night, sleep well

I'll see you with the rest of them in hell

my hand won't shake the console

my handcuff will not rattle

as I win the final battle of all wars

and down beneath the ocean

I'll dream of wings in motion

a blinding glory

that'll show 'em what freedom's for

good night, don't fear

I always will watch over you my dear

good night, sleep well

I'll see you with the rest of them in hell

and so, for now, farewell
