we spotted the ocean at the head of the trail  
where are we going, so far away  
and somebody told me that this is the place  
where everything's better, everything's safe  
walk on the ocean  
step on the stones  
flesh becomes water  
wood becomes bone  
and half an hour later we packed up our things  
we said we'd send letters and all those little things

and they knew we were lying but they smiled just the  
same  
it seemed they'd already forgotten we'd come

now we're back at the homestead  
where the air makes you choke  
and people don't know you  
and trust is a joke  
we don't even have pictures  
just memories to hold  
that grow sweeter each season  
as we slowly grow old
