Is there nothing in this world, that you love enough?  
that you would kill for?

[Verse 1]

My low gold on your chest  
Right about your breast  
Aint nothing realer in this world then a thugs current  
May god bless every thing your hands can touch  
I feel you, like the haze rolled up in the dutch  
Cuz you straight like henny in a plast cup  
And you will clap a fed if they tried to bag me up  
Even war with the D's if they snatch me up  
You so tight, plus u keep it real as fuck  
You my soul mate, never worry bout other men  
My heart was numb, taught a thug how to love again  
Your my homie level friend in this love affair never end  
Mommy I never break and baby I never end  
I give my life and my soul to breathe  
You would rather see me live and we raise these seeds  
I was lost till you came in my time of need  
As we struggle in this world full of lust and greed

[Chorus]

[Verse 2: Rashida]

Your the love of my life  
No matter what we go through this time  
Imma' stand by you so strong  
I'm not going no where, imma hold on

[Verse 3: Tragedy]

Yo  
I love you like a CR date when Niggaz max out  
That's why I stay on my grind, never assed out  
You realer then these fake thugs when you mash out  
The stash house making love till we pass out  
[?] girl and i feel you like every borough  
I know it's real cuz your movement is so through  
You so gully, you funky like blood money  
Baby nines' in your coach bag, red buggy  
You style out when gizzard heads in my face

Gangsta, you a lady cuz you stay in your place  
I respect that, ups and downs we had our set backs  
My baby's moms wilin out I had to dead that  
Remember times I was flat broke no joke  
Young when we met, both our mothers shot dope  
The hoods in us, through it all gods with us  
you a female version of me thats why its good with us

[Chorus till fade]
