It's always I feel I'm not sure if I can do anything else  
Alcohol fills voids temporarily, it spills out, leaves the  
wound raw  
I feel like hell, at least I know I'm back to my old self  
Who would have thought changes effects were so  
widespread  
Who would thought a friendship's a relationship, too  
Maybe I shouldn't have friends and  
Christ, how I've grown in the past few weeks  
Maybe I shouldn't befriend anyone else till I realize  
there's  
no 'me' in 'team  
No 'I' in said  
No 'me' in team  
No 'I' in said

Once again I forgot what I am doing  
And I don't know who you are fooling  
And just for the record it never means nothing  
I can't keep up so lay back down  
There's still a few minutes to sleep in  
My apartment is as empty as me  
Didn't I want it that way?  
Nobody wants it that way

I put myself in stupid situations I'll never make it out  
alive  
It's hard to make plans when your plan is someone else  
No 'me' in team  
No 'I' in said  
No 'me' in team  
No 'I' in said  
Once again I forgot what I am doing  
And I don't know who you are fooling  
And just for the record it never means nothing  
I can't keep up so lay back down  
There's still a few minutes to sleep in  
My apartment is as empty as me  
Didn't I want it that way?  
Nobody wants it that way

No time to sleep  
And I bet you could only guess  
how good it feels to be on your own  
It's hard to stand when you build your life on someone  
else  
It's hard to breathe when you are running from yourself
