"Demo Car City"

I'm driving towards towers tops burning red
Sunny day and your real estate will drive me home
Stay off the main roads for me
because I grew up in demo car city

This is how you waste a friend, and I won't call you on it
This is what it's like to bend, and I can't break for
anyone
This is what I wanted when I had everything
This is how you waste a friend, and I won't call you on it

When can I become when will this be routine
Because you know that's all I have for me
Stay off my back for me

'cause I grew up in demo car city

This is how you waste a friend, and I won't call you on it
This is what it's like to bend, and I can't break for
anyone
This is what I wanted when I had everything
This is how you waste a friend, and I won't call you on it
