It's so hard to sleep, when nobody's home
It's hard to wake up, when you know you're
gonna wake up alone
It's been too long, since you left me here, on my
own.
It's gettin' hard to carry on, I need to have you
next to me.
I can't find my way, when you're the only one I
see.
When I close my eyes, it's darker than I thought
it'd be.
When you're gone, when you're gone,
I am lost, lost
I can't forget, the way you feel
I need to let go, gonna need a little time to heal
It's been so long, I've been standing still
And I can't look back
Gonna find a way to carry on.
I need to have you next to me
I can't find my way when you're the only one I
see.
When I close my eyes, it's darker than I thought
it'd be.
When you're gone, when you're gone,
I am lost, lost
I am lost, lost
I am lost when I can't hold you in my arms
I am lost when I can't feel you in my heart
I am lost in this maze don't know where you are
I am lost, I am lost
Oooohhhh
Gonna find a way to carry on
I need to have you next to me
I can't find my way when you're the only one I
see.
When I close my eyes, it's darker than I thought
it'd be.
When you're gone, when you're gone
I am lost, lost
I am lost, lost
I am lost, lost

I am lost, lost.
