There's something I just gotta say  
But I'm afraid things are gonna change  
You know we've been friends forever  
It's been building up inside of me  
Now it's time for you to see  
That we belong together

Used to have my own two feet  
Solid on the ground baby  
So let me tell you what it does to me

I feel like there's no gravity  
There is no remedy for me  
Like insanity tearin' me, changin' me (changin' me)  
When I'm with you it feels just like  
Like everything's right, we're so tight  
There's no gravity, tearin' me, changin' me

Gravity [x3]

I've been denyin' it for too long  
Lyin' to myself, but it's too strong  
Look at me, I'm dying here  
Cause I want us to be, more than friends  
You and me  
Take this chance, levitate with me

Used to have my own two feet  
Solid on the ground baby  
So let me tell you what it does to me

I feel like there's no gravity  
There is no remedy for me  
Like insanity tearin' me, changin' me (changin' me)  
When I'm with you it feels just like  
Like everything's right, we're so tight  
There's no gravity, tearin' me, changin' me

Close my eyes, clear my mind  
I'm seeing everything so clearly  
I should be your man

Show you love, like you've never seen  
Sweep you off your feet

Like there's no gravity  
There is no remedy for me  
Like insanity tearin' me, changin' me (changin' me)  
When I'm with you it feels just like  
Like everything's right, we're so tight  
There's no gravity, tearin' me, changin' me

I feel like there's no gravity  
There is no remedy for me  
Like insanity tearin' me, changin' me (changin' me)  
When I'm with you it feels just like  
Like everything's right, we're so tight  
There's no gravity, tearin' me, changin' me
