I might disintegrate into the thin air if you'd like
I'm not the dark center of the universe like you thought
(x2)

Well, it took a lot of work to be the ass that I am
And I'm real damn sure that anyone can, equally easily
fuck you over

Well, died sayin' something, but didn't mean it
Everyone's life ends, but no one ever completes it
Dry or wet ice, they both melt and you're equally
cheated

Well, it took a lot of work to be the ass that I am
And I'm really damn sure that anyone can, equally
easily fuck you over

Well, an endless ocean landin' on an endless desert
Well, its funny as hell, but no one laughs when they get
there

If you can't see the thin air than why the hell should you
care?

Well, it took a lot of work to be the ass that I am
And I'm really damn sure that anyone can, equally
easily fuck you over

Well, I'm sure you'd tell me you got nothing to say
But our voices shook hands the other day
If you can't see the thin air what the hell is in the way?
(repeated lyrics)

Well, God sayin' somethin', but he didn't mean it
Everyone's life ends, but no one ever completes it
Dry or wet ice, they both melt and you're equally
cheated

Well, it took a lot of work to be the ass that I am
And I'm really damn sure that anyone can, equally
easily fuck you over

I'm sure you'll tell me you got nothin' to say
But our voices shook hands the other day
If you can't see the thin air then what the hells in your
way?
