One! Two! Three!

To every broken heart in here

Love was once a part, but now it's disappeared

She told me that it's all a part of the choices that your making

Even when you think you're right

You have to give to take

But there's still tomorrow

Forget the sorrow

And I can be on the last train home

Watch it pass the day

As it fades away

No more time to care

No more time, today

But we sing

If we're going nowhere

Yeah we sing

If it's not enough

And we sing

Sing without a reason

To ever fall in love

I wonder if you're listening

Picking up on the signals

Sent back from within

Sometimes it feels like I don't really know what's going on

Time and time again it seems like everything is wrong in here

But there's still tomorrow

Forget the sorrow

And I can be on the last train home

Watch it pass the day

As it fades away

No more time to care

No more time, today

But we sing

If we're going nowhere

Yeah we sing

If it's not enough

And we sing

Sing without a reason

To ever fall in love

Well we sing if we're going nowhere

Yeah we sing if it's not enough

And we sing

Sing without a reason to ever fall in love

But we sing

If we're going no where

Yeah we sing

If it's not enough

And we sing

Sing with out a reason to never fall in love

To never fall in love again
