Well everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High shining on me, so  
Let's get this party started

Everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High smiling on me, come on  
Let's get this party started

Blind-sided by the blitz, come on baby, it's on  
I couldn't wait to get on this, you ain't no quiet storm  
I'm gonna tell it like it is, there ain't no stopping us now  
Somebody shut me up so I can live out loud

Well everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High shining on me, so  
Let's get this party started

Them people thought I was gone, it's been a long time  
comin'  
But straight out the box we got the dark side runnin'  
So Father, Most High won't You show yourself  
And shine on this record like nobody else?

Everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High shining on me, so  
Let's get this party started

Well everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High smiling on me, come on  
Let's get this party started

Well everybody, everybody in the place to be  
Open up your mind and let your soul be free  
I can feel the Most High shining on me, come on  
Let's get this party started

Well everybody, everybody in the place to be

Open up your mind and let your soul be free  
I can feel the Most High smiling on me, come on  
Let's get this party started
