Another cold night
Another Late Flight
It's almost show time, and diverse city is waitin' on me
We got a packed house, the crowd is callin' out
They want the beat to drop, but what we really need is
you
(Chorus)
If you wanna steal my show, i'll sit back and watch you
go
If you got somethin' to say, go on and take it away
Need you to steal my show, can't wait to watch you go-
o-o-o
So take it away
So now the crowd is hype, that you showed up tonight
Anticipatin', cravin', somethin' more than smoke and
lights
So i'll step out the way, I'll give you center stage
Alright, Spotlight give 'em what they came for
(Chorus)
When you arrive, we come to life
Our hearts collide, they're beating in the same time
You're comin' through, all eyes on you
Our hearts collide they're beating in the same time,
Beating in the same time
No matter who we are, no matter what we do
Every day we can chose to say
(Chorus)
My Life, my friends, my heart, It's all yours, God, take it
away, my dreams
my fears, my family, my career, take it away, It's all
yours, God
Take it away, take it away, It's you I wanna live for
