Well it started out in the spare bedroom  
Two turned tables uh and a microphone  
I was flipping over 33's  
Working on rhymes and melodies  
Searching for some more of You  
(and little less of me)  
It's never been my dream  
To see my face in magazines  
It's always been about the music  
Hoping God would use it  
To set some people free  
But I can say without a doubt  
I never had it figured out  
Lord you've opened every door  
I've stepped to yea  
And I try to keep my head above me  
I'm thankful for the friends around me  
I'm thankful for You yeah  
I'm thankful for You

I've been on this road  
But you come to my shows  
Sometimes just a few of y'all  
(other times in troops)  
But you've been right there to rock with us  
We come together, we lift Him up  
Seeing You there inspires me, put Your fire in me  
It's never been my dream  
To read my name in magazines  
It's always been about the music  
Praying God would use it to set some people free  
But I can say without a doubt  
I never had it figured out  
Lord you've opened every door  
I've stepped to yea  
And I try to keep my head above me  
So thankful for the friends around me  
I'm thankful for You yeah  
I'm thankful for You yeah  
I'm thankful for You  
It's such a free feeling that You got me feeling  
We're all good all good all good

I love this free feeling that You got me feeling  
We're all good all good all good  
Said I love that free feeling  
That You got me feeling  
We're all good all good all good  
Yea  
they say you become who you hang out with  
Well I can tell you for sure  
You made me a better man  
And I can say without a doubt  
I never had it figured out  
Lord you've opened every door  
I've stepped to yea  
And I try to keep my head above me  
So thankful for the friends around me  
I'm thankful for You yeah  
I'm thankful for You yeah  
I'm thankful for You  
Thankful for You  
Thankful for You
