From the day we arrive on this planet

And blinking step into the sun

There is more to see than can ever be seen

More to do than can ever be done

There is far too much to take in here

More to find than can ever be found

But the sun rolling high through the sapphire sky

Keeps great and small on the endless round

It's the circle of life and it moves us all

Through despair and hope

Through faith and love

Till we find our place on the path unwinding

In the circle, the circle of life

There is far too much to take in here

More to find than can ever be found

But the sun rolling high through the sapphire sky

Keeps great and small on the endless round

It's the circle of life and it moves us all

Through despair and hope

Through faith and love

Till we find our place on the path unwinding

In the circle, the circle of life

Till we find our place on the path unwinding

In the circle, the circle of life, of life
