"Cooling Down"

did you know, that you are
on my mind
night and day, every
waking hour
do you care, I can't take my gaze from
off your eyes
can I say, I'm addicted to your lips

nothing is harder, than walking away
nothing is harder, than walking away

I am, cooling down for now
I am, cooling down 'til you're back into my arms
I am, cooling down

did you know, I love the way you
look at me
do you care, I miss you
when you're gone
can I say, I hope you are

never far, from me
nothing is harder, than walking away

I am, cooling down for now
I am, cooling down 'til you're back into my arms
I am, cooling down
