Heard you on the phone last night
when you thought that I was sleeping
looking back I should'a known
how could I be so blind
seems we have a different view
on how things have been going
you can't say what makes you stay
your heart or your mind

it's been going wrong for too long
can I change your mind
and should I even try
don't know how to mend your heart
hell I don't even know why

it's a lonely road
it's a lonely road
it's a lonely road
it's a lonely road
it's a lonely road
it's a lonely road

So now I'm paranoid
I jump at every shadow
always watching what I say
scared to know the truth
I know I'm losing you
and I don't know how to change it
guess I thought we'd always be
together 'til the end

it's been going wrong for too long
can I change your mind
and should I even try
don't know how to mend your heart
hell I don't even know why

it's a lonely road
it's a lonely road

it's a lonely road
it's a lonely road
it's a lonely road
it's a lonely road
