(Gordon Jensen)

When these eyes will close not to open here again
And I vacate this tenement of clay
Please don't weep for somewhere in the presence of
my Lord
It will be my coronation day.

Coronation day in heaven's grand forever
Coronation day somewhere beyond the river
I'll hear the words
Well done the crown of life you've won
On my coronation day.

--- Instrumental ---

At the very moment that I leave this world behind
Welcome home all heaven will say
And while the minds of men are wondering just what
heaven will be
It will be my coronation day.

Coronation day in heaven's grand forever
Coronation day somewhere beyond the river
I'll hear the words
Well done the crown of life you've won
On my coronation day...
