(Johnny Bond - Jimmy Wakely)

My weary heart for you is crying
It knows it's paying for its dues
For you have left me oh so loenly
And I've got those gone and left me blues.

You know that we should be together
Though I'm the one that's been untrue
Please take me back and say you love me
I've got those gone and left me blues.

--- Instrumental ---

Don't say that you have gone forever
The nights are much too lonely now
Alone I walk the floor and ponder
I've got to get ye back somehow.

Don't tell me that you've found another
My heart would never take the news
I need you now and want you near me
I've got those gone and left me blues.

I've got those gone and left me blues...
