(Odis Elder)

I saw your face in the moon, honey  
You threw a smile at me  
You pretended that you were so happy  
But in your loving eyes I could see.

That you were hidin' sweet thoughts of bygones  
The days you and I once knew  
And I could see your smile was fadin' with the gloom  
When I saw your face in the moon honey  
Yes, I saw your face in the moon.

--- Instrumental ---

Well, I saw your face in the moon, honey  
You looked just like you used to do  
I wanted so much to hold you  
But I just couldn't get to you.

So I'll just go right on dreaming  
And hoping that you'll come back soon  
For your sweet smile is driving me wild  
Yes, I saw your face in the moon, honey  
Yes, I saw your face in the moon...
