(Justin Tubb)

(Just call Lonesome 7-7203.)

Had our number changed today although I hated to
But each time the phone would ring they'd want to
speak to you
And it hurts to tell 'em you're not here with me
Maybe now, oh, telephone will let me be.

It's not in the book now so you'd better write it down
Just in case your love for me should ever come around
You might want to call and break the news to me
Just call Lonesome 7-7203.

I keep the telephone beside me all the time
Hoping you might want to call and say you're changed
your mind
If you'd do then darling, you know where I'll be
I'm at Lonesome 7-7203.

--- Instrumental ---

You're the only one I'm giving our new number to
So now if the telephone should ring I'll know it's you
And if you ever long for love that used to be
Just call Lonesome 7-7203.

Just call Lonesome 7-7203...
