(Justin Tubb)

We're breaking up now after all these years  
You're taking laughter leaving me the tears  
You're taking half of everything so darling if you please  
Don't leave me with all these memories.

Here's one for you and one for me  
Mem'ries of the love that used to be  
Take the one you want and leave the rest for me  
One for you and one for me.

--- Instrumental ---

Now someday you may want to reminisce  
About our love before it came to this  
So you can take the happy one and leave me all the  
blues  
But half these memories belong to you.

Here's one for you and one for me  
Mem'ries of the love that used to be  
Take the one you want and leave the rest for me  
One for you and one for me.

Here's one for you and one for me...
