(Ed Burt)

Silver dew on the blue grass tonight
Oh, how it shines in the moon silver light
And in days that used to be how I wish that you could
see
Silver dew on the blue grass tonight.

Stars of love high above shining bright
On the wish that I'm wishing tonight
And you'll bring her back I know to the one who loved
her so
Stars of love high above shining bright.

--- Instrumental ---

Silver dew on the blue grass tonight
Oh, guide her home by the moon silver light
'Cause here is where she long to be for it's you that she
could see
Silver dew on the blue grass tonight.

Silver dew on the blue grass tonight
Oh, how it shines in the moon silver light
And in days that used to be how I wish that you could
see
Silver dew on the blue grass tonight...
