(Ernest Tubb)

There's a little bit of everything in Texas
Just look around and you will see
There's a little bit of everything in Texas
And a whole lot of Texas in me.

There are forty seven states around it
And each of them have treasures of their own
And everything they boast of I sure found it
But we've got them all right here at home.

And everything they boast of I sure found it
And really I'm not bragging you see
There's a little bit of everything in Texas
And a whole lot of Texas in me.

--- Instrumental ---

There's a little bit of everything in Texas
Just look around and you will see
There's a little bit of everything in Texas
And a whole lot of Texas in me.

Now if you love old sunny California
Or perhaps the hills of Tennessee
No matter what you love just come to Texas
And I'll bet my boots you will agree.

And everything they boast of I sure found it
And really I'm not bragging you see
'Cause there's a little bit of everything in Texas
And a whole lot of Texas in me...
