(Justin Tubb)

Well-meaning people are trying to change us  
Saying we've been too country too long  
They tell me from now the world is progressed  
And I won't sell out for a song.

I grew up when Roy and ET and Kitty  
And Lefty and Hank were the rage  
It was good enough then so it's good enough now  
'Cause the good wine gets better with age.

What's wrong with the way that we're doing it now  
What's wrong with fiddles and steels  
What's wrong with telling the world that you're country  
That's how you really do feel.

So let's don't make it different let's just make it better  
It's gotten us bout for now  
I am what I am and I'm proud that I am  
What's wrong with the way that we're doing it now.

--- Instrumental ---

Well, the sad part about is all of the fans  
Who would laugh to hear country and can't  
And most of those stations ain't foolin' nobody  
When they call themselves country but ain't.

So please Mr DJ I'm proud to be country  
Whether concert or honky tonk joints  
So give this a listen and if you won't play it  
My friend you're just provin' the point.

What's wrong with the way that we're doing it now  
What's wrong with fiddles and steels  
What's wrong with telling the world that you're country  
That's how you really do feel.

So let's don't make it different let's just make it better  
It's gotten us bout for now

I am what I am and I'm proud that I am  
What's wrong with the way that we're doing it now.

What's wrong with the way that we're doing it now...
