We used to talk for hours on the phone  
Any night I was away from home  
That's the way it was before  
We used to sleep just like us at spoons  
Now it's like I'm in the other room  
I'm a fork and you're a knife  
We could just have further talk  
Or we could sleep anylonger and fight  
I saw suddenly strange us

I don't want to fight, I just want a life  
Of love like we used to live  
I don't want to quit, baby I just want to fit  
Back together like two puzzle pieces

Lying here and I can't fall asleep  
I'm just listen to you breathe  
I miss the way you was before  
I wake and wrap inside your arms  
After you kissed me all night long  
We would be in love a little more  
Why can't we just lock all the doors?  
Maybe we'll find what we're looking for, cause baby  
I don't want to be strangers

I don't want to fight, I just want a life  
Of love like we used to live  
I don't want to quit, baby I just want to fit  
Back together like two puzzle pieces

Puzzle pieces  
Puzzle pieces  
Puzzle pieces

We should just lock all the doors  
Maybe we'll find what we're looking for

Cause I don't want to be strangers

I don't want to fight, I just want a life

Of love like we used to live

I don't want to quit, baby I just want to fit

Back together like two puzzle pieces

Oh, I don't want to fight, I just want a life

Of love like we used to live

I don't want to quit, baby I just want to fit

Back together like two puzzle pieces

Oh, puzzle pieces (we fit)

Puzzle pieces (together like)

Puzzle pieces (we fit together like)

Puzzle pieces.
