They're looking for the fifth year,  
They say it holds a secret,  
On how to live forever.

They keep me in a dark room,  
Where i can have my visions,  
And show them to the treasure.

2x  
Somewhere, through a tear in the fabric  
of our whole universe, (our universe)

It's out there,  
It's out there,  
I can feel it,  
I can almost see it,  
Hiding in the ether,

Somewhere,  
I can feel it,  
I can almost see it,  
Hiding in the ether,  
Out there...
