I can't cope..

Realize! [x4]

*I can't understand,
Why my life is wrong,
I just don't fit in,
I do not belong.*

I let myself down.

Real! [x2]

*I can't understand,
why my life is wrong,
I just don't fit in,
I do not belong.*

*I let myself down.
Everything is against you...
Everyone is against you...*

Realize! [x4]

*I can't understand,
Why my life is wrong,
I just don't fit in,
I do not belong.*

This way out...

Realization is the key to the universe.
