Yea, now hear this  
Are you ready for the brand new style?  
Wicked and wild,  
Wild versatile  
Hey! Send him come (send him come)  
Bring him come (bring him come)  
Brand new style  
You ready?

(verse 1)

Hello, can hear you always you calling me again  
yes its true, I want you  
You are my special friend  
I don't want mixed emotions  
I just wanna play  
Guys always have it their way  
Now listen to what I say. (hear this)  
Lets get one thing straight,(get this straight)  
We'll meet at half past eight.  
And even if I'm late you better wait.  
Cause I just want to get it on, get it on, get it on,  
Till the break of dawn.

(Chorus)

Give me 1 of dem man over there  
Send me 2 cause I just don't care  
Maybe it 3 cause he look sexy  
4, 5, 6 don't know which one to pick.  
Number 7 take me straight to heaven  
Number 8 come right to him again  
Number 9 says he's a good friend  
but I need a man to give me 10 out of 10.

(Verse 2)

Do you know when and how I want you?  
Can you do what I want you to do?  
Two can play at this game  
So tell me what you gotta lose.  
Don't worry have no fear  
Like a thief in the night I'll appear.  
And take what I first came for,

And leave you wanting more.  
Let's get one thing straight (get this straight)  
We'll meet at half past eight.  
And even if I'm late you better wait.  
Cause I just want to get it on, get it on, get it on,  
Till the break of dawn.

(Chorus)

Give me 1 of dem man over there  
Send me 2 cause I just don't care  
Maybe it 3 cause he look sexy  
4,5,6 don't know which one to pick.  
Number 7 take me straight to heaven (Straight to  
heaven)  
Number 8 come right to him again  
Number 9 says he's a good friend  
But I need a man to give me 10 out of 10  
10 out of 10, 10 out of 10  
Come again, come again, come again!

(Verse 3)

Your turning me on  
All night long  
Till you hit the spot (show me what ya got, show me  
what ya got)  
Your turning me on  
All night long  
We can make it hot (Show me what ya got, show me  
what ya got)  
(we'll make it hot)  
(for real baby)

Chorus 2x
