How long has it been
Since you knew you could feel this way again?
I've had my doubts
And fallen hard for them
Until I met you
I wasn't lying when I said
"It's been a long time
A long time"
Pay no attention to the stitches in my head
They spell out goodbye
Goodbye

You could say I learned my lesson
Another few miles
And I'll be home
It gets worse
Before it gets better
Yeah, and I need you
More than you know

Let's make
This count
Our lives
Are going on right now

I may be sick
But I'm getting better
(Now that I take my medicine)
I'm almost back to where I was before this mess
Sure enough as you hold me up
Let go
And I'll fall back to the same old place again

You could say I learned my lesson
Another few miles
And I'll be home
It gets worse
Before it gets better
Yeah, and I need you
More than you know
More than you know

You could say I learned my lesson
Another few miles
And I'll be home
It gets worse
Before it gets better
Yeah, and I need you
More than you know

You could say I learned my lesson
Another few miles
And I'll be home
It gets worse
Before it gets better
Yeah, and I need you
More than you know
More than you know
More than you know
