I wrote this letter to you but it won't see Chicago  
I finished it this morning but it won't go in the mail  
I had some time to think since you moved to Chicago  
And if you read this letter, you'll know exactly how I feel

These words  
A million more inside about her  
Will not be thrown away  
I'm writing down  
Everything that I'm thinking about  
So I won't have to say this (have to say this) to your  
face

Half this bottle of mine is chasing a problem  
The other half will knock me out a million miles away  
I had some time to think since you moved to Chicago  
And if you read this letter, you'll know exactly how I feel

These words  
A million more inside about her  
Will not be thrown away  
I'm writing down  
Everything that I'm thinking about  
So I won't have to say this (have to say this) to your  
face

You are the first  
You are the last  
You are everything I lack  
You are everything I miss in my life  
(You fucked me up and ruined my life)  
You are the best pedestal girl of all time  
Time  
Time  
Time

These words  
A million more inside about her  
Will not be thrown away  
I'm writing down  
Everything that I'm thinking about

So I won't have to say this (have to say this) to your  
face

Have to say this (have to say this) to your face

Have to say this (have to say this) to your face
